PROFESSIONAL SUMMARY

Results-driven Flutter Developer with hands-on experience building elegant, high-performance, and responsive crossplatform mobile applications using Dart and Flutter. Proficient in integrating REST APIs, implementing secure local storage solutions, and writing clean, maintainable code. Adept at transforming complex feature designs into smooth, user-centric digital experiences with optimized performance.

SKILLS

- **Core Frameworks:** Flutter, Bootstrap
- **Languages:** Dart, Java, HTML5, CSS3
- **State & Local Data:** Stateful Widgets, Shared Preferences, Hive Database
- **Backend:** Firebase
- **Tools & Tech:** REST API Integration, JSON Parsing, Git, GitHub, HTTP Architecture, Figma
- Logical thinking and problem solving
- Adaptability and Continuous Learning
- Good communication and teamwork abilities

PROJECT EXPERIENCE

Weather + News Hybrid App — Flutter, Dart, REST API

Real-Time Weather Forecast & News Application

- Developed a cross-platform Flutter app integrating real-time weather forecasts and categorized news using REST API integration.
- Implemented MVVM architecture with Provider state management, API data handling, and SharedPreferences for persistent user settings.
- Designed a modern glassmorphism UI with dynamic themes, animations, responsive layouts, and robust error handling.

Food Recipe App — Flutter, Dart, Material UI

Interactive Content Discovery & Caching Application

- Built an elegant, responsive catalog app focusing on multi-tier category filtering, localized state management, and asset navigation pathways.
- Constructed a smooth, custom-built local saving pipeline for user-designated “Favorite Recipes” pages, leveraging optimized Stateful Widget interactions.

Expense Tracker App — Flutter, Dart, Local Storage

Personal Financial Record & Metrics Tracker

- Developed a data-driven personal expense management application targeting cross-platform performance and local device synchronization.
- Utilized Shared Preferences and local storage mechanisms to retain transactional logs and user preferences across app lifetimes.
- Integrated fluid Material Design guidelines and interactive layouts to handle financial metrics, ensuring lag-free rendering during runtime operations.

EDUCATION

G-TEC Centre Of Excellence — *Perinthalmanna* **| 2026**

Professional Certification in Flutter Development (Focus: Dart, REST API, UI/UX Mobile App Architectures)

University of Calicut — *Kozhikode* **| 2025**

Bachelor of Arts (BA) in History (Focus: Advanced Analytical Research, Problem Solving, and Technical Writing)

CERTIFICATIONS

- **Professional Flutter Development Certificate** — Medhavi Skills University, Sikkim (2026)
- **Advanced Mobile App Development (Flutter) Course** — G-TEC Centre of Excellence (2026)
